

The image features a large graphic on the left side consisting of three overlapping triangles: a dark blue one on the left, a green one in the middle, and a cyan one on the right. The word "SAZGAN" is written in red, bold, sans-serif capital letters across the dark blue triangle. The background of the right half of the image is a blurred photograph of a person's face, wearing a surgical cap and mask, with a white ECG line overlaid. The entire graphic is set against a white background.

The logo for SAZGAN, featuring the word "SAZGAN" in a bold, red, sans-serif font. The letters are slightly shadowed, giving it a 3D appearance. The logo is positioned in the bottom left corner of the dark blue background.

About Us:

SAZGAN was established in 1993. It is the first company for developing and manufacturing patient care monitors in Iran. At the moment, monitors of SAZGAN have been installed in almost 90% of hospitals in Iran and a wide after sales service is taking care of these large numbers of monitors around country. Inside SAZGAN about 100 persons are working in different sections such as research and development, production line, quality control, purchase, sales and after sales service. The 3 lines of monitors in SAZGAN are SAFIRA series with 22" display, VECTRA series with 17" display and VISTA series with 12" display. All monitors can connect to 64 beds central station named SABA. Beside of monitor, SAZGAN produces Pulse Oximeter named NEMOXY 412/512. The hospitals enjoy of two years guarantee for all products of SAZGAN in Iran.

- . 22" LED Display
- . ECG, RESP, 2xTEMP, SPO2, NIBP, 2xIBP
- . Drug Calculation, ST Analyzer
- . Arrhythmia Detection, Cardiac Output
- . Rechargeable battery
- . Bedside Usage, VIP Usage

Options:

- . Integrate Medical Imaging and PACS Solution
- . New Face Design with small Width
- . New Interface by Touch Screen, Trackball, Touch Pad, Capacity Keys
- . ECG 12 Lead, 4xIBP, ICP, EtCO₂
- . Thermal Recorder
- . Gas Module
- . Central Station

Software Ability

- . ECG 6 Leads Display in two Mode
- . 96 hours Trend
- . Large Font Display
- . OXYCRG Trend
- . Adult, Pediatric, Neonate Mode
- . High Speed Switch between Patient Care Monitor screen and PACS screen
- . Connect to any PACS system
